Thoughts on The Teachers' Convention
BY A. B. B. B.

With attention to the Teachers' Convention, we find that the teachers are the backbone of the school system. They are the ones who are responsible for the education of the children, and they are the ones who are responsible for the future of the country. To The Citizens of Stettler and Vicinity

WE WISH TO CALL YOUR ATTENTION TO THE

VICTORY LOAN

That is now being offered to you. Not only as an investment but as a means of helping our country to finance this war.

We cannot all collect and serve our country in that capacity, but we can at least buy a bond that will be the means of clothing, feeding and equipping our soldiers at the front.

Will you cheerfully respond? Yours truly, J. D. GRIFFITH

The Weather

WEATHER conditions are beyond human control, but they are not beyond human knowledge. Every community has its weather pointer, nor is he without honor in his own land. His, however, is a limited viewpoint. Seldom can he predict far in advance.

Foster's Weather Forecasts

published exclusively by THE HERALD afford a summary of weather probabilities for weeks ahead. Many farmers owe their crop success to careful study and observance of these marvelous forecasts.

The Place of the Dual-Purpose Cow in Western Agriculture

(Continued from Page 1)

The dual-purpose cow is the type of cow which is most desired by the farmer. She is a cow which will give milk and also produce a good crop of calves. She is a cow which is most valuable to the farmer. She is a cow which is most valuable to the farmer. She is a cow which is most valuable to the farmer.

Electing White Citizens for the Jackson System

GOVERNMENT OFFICIALS ARE
ENCOURAGED TO TAKE ACTION

At no time in the history of the United States—no matter how long—has there been a more important time for the expression of the people's views on the future of the country than at the present time. The American people are called upon to elect their representatives to the Congress and to the State legislatures, and to elect their President. It is the duty of every citizen to exercise his or her right of suffrage, and to elect the best qualified person to represent him or her in the government.

The American people are called upon to elect the best qualified person to represent them in the government. Red Cross Notes

We are proud of the efficiency of the Stettler Red Cross Chapter. At our meeting of March 21st, the chapter reported that they had raised \$100.00 for the Red Cross. This is a fine record for a small chapter. The chapter is now planning to hold a fund-raising party on April 26th, at the Stettler Hotel. The proceeds of this party will be used to purchase new uniforms for the chapter. The chapter is also planning to hold a fund-raising party on May 1st, at the Stettler Hotel. The proceeds of this party will be used to purchase new uniforms for the chapter.

School Sports

The Stettler School Sports Association is now planning to hold a series of sports events during the month of May. The events will include a track and field meet, a basketball tournament, and a baseball tournament. The events will be held at the Stettler School. The association is now accepting entries for all events. The deadline for entries is April 30th. For more information, contact the Stettler School Sports Association.

Any motor may claim for his product all the qualities there are. That is his privilege. He may even think his claims are justified.

You read the advertisements, so you know that makers, as a rule, are not over modest in that regard.

If you believe them all, they all make super-cars.

In your opinion, then, they all make super-cars.

Maxwell is different.

We never claim anything we cannot prove.

As a matter of fact we never have claimed anything for this Maxwell that has not already been proved in public but had under official observation.

Maxwell claims are not therefore claims in the ordinary sense they are statements of fact—proven facts.

They are, in every case, matters of official record attended under oath.

For example: The famous 22,000-mile Non-Stop run was made with the Maxwell every mile under observation of the A. A. A. officials.

That still remains a world's record—the world's record of reliability.

That particular test proved about all that anyone could ask or desire of a motor car.

Among other things it still stands the world's long distance speed record.

Just consider—44 days and nights without a stop, at an average speed of 23 miles per hour!

And that, not by a \$2,000 car, but by a stock model Maxwell listing at \$1045.

You will recall perhaps that a famous high powered, high priced six in a transcontinental trip made 20 miles average over a period of five days and eleven hours.

Now compare these two facts—one or less than six days, the other of 44 days. How many automobiles—which was the greater test?

Is there any comparison on grounds either of speed or endurance?

Proves you don't need to pay more than \$1045 to obtain all the qualities you can desire in a motor car—if you select a Maxwell.

For that Maxwell Non-Stop run was made, not on a track but over rough country roads and through city traffic—average of all kinds of going.

And—listen to this.

In certain ways of the condition of the Maxwell at the end of that great test, we announced that at the stroke of eleven on a certain morning, the car would stop in front of the City Hall, for the Mayor to break the seal.

Five seconds after he had pulled the switch plug and stopped the motor after the 44 days and nights continuous running, she was started again and off on a thousand mile jaunt to visit various Maxwell dealers.

How is that for production—reliability of action? That incident brought a storm of applause from the assembled thousands.

Mill climbing?—this Maxwell holds practically every record worth mentioning—especially in the West where the real hills are.

The Mount Wilson record—also and one-half miles, 6,000 feet elevation!—was taken by a stock Maxwell.

Two months ago a 12-cylinder car beat that record by two minutes.

Then—three days later—a stock Maxwell went out and beat that 12-cylinder record by thirty seconds! Pretty close going for such a distance and such a climb—wasn't it?

So Maxwell still holds the Mount Wilson honors.

Ready to defend it against all comers, at any time—a stock Maxwell against any stock or special chassis.

Economy—also a matter of official record.

Others may claim—Maxwell proves.

Thousands of Maxwell owners throughout the country on the same day averaged 33.2 miles per gallon of gasoline.

Not dealers or factory experts, mind you, but owners—thousands of them—driving their own Maxwells.

Not were they new Maxwells—the contest was made by 1915, 16, and 17 models, many of which had seen tens of thousands miles of service—three years' use.

Not could they choose their own road or weather conditions—all kinds were encountered in the various sections of the country.

Good roads and bad—level country and mountainous regions—heat and cold—sunshine and rain—aspalt and mud.

And the average was 33.2 miles per gallon!

There's economy for you. And under actual average driving conditions—not laboratory test.

But that isn't all.

The greatest achievement of this Maxwell was in its showing of speed and reliability and economy all in the same run.

In that 44 days-and-nights Non-Stop run, though no thought was given to either speed or economy, it still remains a fact of official record that the Maxwell averaged 24.4 miles per gallon and 25 miles per hour.

Now you know that speed costs and that economy tests are unsoundmade at slow-speed close-throttle this machine stands up.

You know too that you can obtain economy—44.1 by means of the Maxwell for that one condition.

Speed you can get by buying the stock. And economy—44.1 by means of the Maxwell for that one condition.

But to obtain that combination of speed and reliability and economy all in the same run, that reliability shown in that 44 days Non-Stop run, is a record that no other car can equal.

ABSOLUTE HONESTY
Is Our Motto

At the present time when the high cost of living has reached such an alarming stage, and the prices of merchandise generally, are on the upward trend, it behooves each one of us to spend our money to the very best of advantage that we can, and in the town and district that we live, and make our money in, we would therefore urge upon you the necessity of reading carefully the lines of merchandise that we advertise from week to week in this paper. As we have the first choice, we buy from the best manufacturers on the American Continent and in Great Britain, therefore these goods can only be obtained through us, consequently our stock is the largest, the quantities are the best and our prices are the lowest. Every line of merchandise that we advertise is absolutely genuine and cannot be surpassed in price, here, or any mail order house in Canada, and in order to back our statement and protect you, we will refund your money on any garment that you purchase from us, that you consider is not worth every cent you paid for it.

Save The Country

Save the country by saving the land. The land is the basis of our life. It is the source of our food, our clothing, our shelter, and our wealth. It is the foundation of our civilization. We must protect it, we must conserve it, we must use it wisely. We must not waste it, we must not pollute it, we must not destroy it. We must save it for ourselves and for our children. We must save the country.

**"Traction"—
Tire Beautiful**

WE hear so much about the "lines" of tires we are apt to forget the "lines" of a tire.

Surely if beauty is an essential in automobiles it likewise is essential in tire construction.

Examine "Traction" for beauty—no uncorrected "roadcuts," no ugly, unsymmetrical powerful, resilient, beautiful road make extra over and above the greatest road made in a rubber tire.

We also make Dunlop "Special" and Dunlop "Plus" in great favor with motorists in general.

DUNLOP SEAMLESS TUBES and **DUNLOP AIR** make lasting figures wherever used.

**A Simple
Proposition**

Here is the McChary
Sunshine Furnace
proposition.

McChary's heating system
will give you sufficient
heat for 1/2 of cost of
present heating plant. It is
the only system in the
United States. McChary's
patent has been in force
since 1904. It is the only
system which will guarantee
satisfactory results.

GIGANTIC WIND-UP

THE last and mightiest day of L. B. JULIEN'S stock, that has been bought by us. Anyone who misses this last 10 days sale is foolish; that's making it plain, but that's our candid opinion, for you can buy from the best stock in Alberta. Yes, on the continent, and the savings are almost beyond belief. We tell you it's foolish to miss this sale of splendid goods at these

WAR EFFICIENCY AND NATIONAL PROSPERITY

More than a billion and a half dollars distributed in Canada for exported agricultural produce and the products of labor in the fiscal year ending March 31, 1918, has kept Canada busy and prosperous in spite of the war.

Canada's production in such enormous quantities was made possible only by the money received through Canada's War Loans. Canada thus was enabled to assist the Allies in their purchases here by establishing financial credits for their use in this country.

Canada's war loans not only have sustained Canada's war effort, but they have kept the wheels of production turning as they never turned before.

This is the flood of cash which poured in to Canada's farms for their exports in the fiscal year 1918, for—

Battle	\$ 2,000,000
Wheat	10,000,000
Barley	2,271,000
Oats	17,641,000
Flour	2,654,000
Butter	27,209,000
Eggs	76,779,000
Meats	19,034,000

Over six hundred and thirty million dollars for exported farm products alone!

AND the workers of Canada also shared greatly in Canada's export trade.

For their products there was demand in Canada, during the year:

Manitoba	\$450,000,000
Ontario	12,000,000
Quebec	22,776,000
Windsor and River	39,399,000

These huge sums were spent in Canada by the Allies.

A BUSINESS PROPOSITION

CANADA looks to YOU for help in making this great Victory Loan a success.

Canada needs your MONEY.

Ours is a country whose individual citizens are more prosperous than those of any other country in the world.

Canada has come to YOU—her citizens—with a straight business proposition.

That proposition is a nutshell is this:

"I need Three Hundred Million Dollars to help finish up my business over in Europe. Lend me the money for a short time at 5-1-2 per cent. interest, payable half-yearly, and I pledge the return of every cent of your loan."

Plan to take all the Bonds you can possibly pay for. The payments are as follows:

10 per cent. on application
20 per cent. December 6th, 1918
20 per cent. January 6th, 1919
20 per cent. February 6th, 1919

THE BANK WILL TRUST YOU

Perhaps you never had an account in a bank—maybe you've never done business in a bank—hardly even cashed a cheque in a bank.

There is no reason why you cannot go to a bank and borrow money to buy Victory Bonds.

If you are a steady, industrious, thrifty citizen, working and saving a part of your income, you are just the kind of person Canada's "chartered" banks stand ready to help.

Any bank will lend you as much money as you can save during the next twelve months, with which to buy Victory Bonds.

All you have to do is to pay ten per cent. of the amount you want to buy and deposit the mortgage for that ten per cent. in the bank.

The bank will lend you the 90 per cent. balance at 4 1/2 per cent. interest and will give you a year to repay it, the interest you pay on your loan being just the same as the bank charges you.

This is a rare opportunity for you to begin a real savings account, to make a first class investment and to help your country at the same time.

Why not see a banker to-day—he will tell you all about it and you will be glad of the advice and help he can give you.

Great Britain's War Record

When the British Empire declared war on Germany, the whole world was startled. It was the first time since the Crimean War that a great power had been forced to fight a war of self-defence. The British Empire, which had been the greatest power in the world for over a century, was now being challenged by a new power, Germany.

How Many Crowns for Your Honor Flag?

Of course every city, town and district will earn its Honor Flag.

But how about the crowns?

For every twenty-five per cent. in excess of its quota, each city, town and district will be entitled to add a crown to its flag.

You can do fifty per cent. better than your quota—that means two crowns for your Honor Flag.

But double your quota and it means four crowns.

Hang a Flag in your hall, that for years to come will show that your city, town or district did better than well—

That it was a real factor in the huge SUCCESS OF CANADA'S VICTORY LOAN 1918.

GADSBY NEWS

Reports from the Gadsby's household are that the family is well and happy. The children are growing rapidly and are much interested in the news of the war. The mother is busy with her household duties and the father is working hard for the family. They are all looking forward to the holidays.

The weather is very pleasant today. The sun is shining brightly and the temperature is just what is needed for the season. The leaves are beginning to turn and the air is fresh and crisp.

There has been a lot of news lately about the war. The Allies are making great progress and the enemy is being pushed back. It is heartening to hear of these successes.

The school children are all well and are enjoying their studies. They are all working hard and are making good progress. The teachers are very pleased with their work.

The church is very active. There are many people attending the services and the choir is singing beautifully. The pastor is doing a great deal of good work.

The fire department is very busy. They have had several fires lately and have put them out very quickly. They are all well and are ready for any emergency.

The police are doing a great deal of good work. They are keeping the streets clean and the people safe. They are all well and are ready for any emergency.

The city is very beautiful. The parks are well kept and the buildings are well maintained. It is a very pleasant place to live.

WHEN I WROTE YOU LAST WEEK, I DID NOT EXPECT SUCH A
FLOOD OF ORDERS FOR

WHITE'S JEWELRY

All week I've been busy here with Diamond Rings, Signet Rings, Brooches, Watches, Scarf Pins, Pearl and Cameo Brooches, dainty Lavalliers, Lockets, Men's Pocket and Wrist Watches, Gold and Gold Filled Chains, Cigarette Cases, Variety and Card Cases, Men's Rings, Silk Hand Bags, Jewel Rings, Purses and Pail Boxes, bands of real French Ivory, and collies and collies of Silverware and Cut Glass.

I was kept so busy all week that I hardly had time to eat but I saved a bit of money, and better still, I'm going to have a Christmas season.

Now I want all you Gals Mothers to get in your orders during the coming week, because by the looks of things, I am going to have my hands full in this time Christmas Eve, instead of just.

I'll have to stop now as I'm pretty busy, but will write you again next week.

The Importance of Good Planning

[illegible][illegible][illegible]

Another extraordinary find, though not related to the mammoth, is a prehistoric ivory, was the jaw of a prehistoric tooth shark of the late prehistoric period, the paleolithic beds of South Carolina. It had two hundred teeth and the jawbone was eight feet long. The teeth were of eight feet, quite large enough to satisfy the most ambitious of tooth and talon fancies, and to have made a killing in the ocean equivalent to the shark's in the land. The fossil was discovered by the Smithsonian Institution, and is now on display in the Smithsonian Museum. It is now on display in the Smithsonian Museum. Advertising and Editorial Writing
During our last journey to an advertising agency, we were shown a large part of the work during the production of photos. It was quite interesting to see how the photographer and the editor work together and how the editor's job is to make the photos tell the story. The photographer's job is to make the photos look as good as possible. The editor's job is to make the photos tell the story. The photographer's job is to make the photos look as good as possible. The first of the new year has been met with a calm and a clear sky, and the sun has been shining brightly since dawn. The temperature has been in the high 40s, and the wind has been light and variable. The weather is just what we need after the cold and stormy days of the week before last.

The city has been very quiet since the election, and the people seem to be settling down to their normal life. The stores are full of goods, and the streets are busy with people going about their daily business. The only thing that is different is the air of expectancy that hangs over the city, as everyone waits for the results of the election.

The election itself was a very close one, and the results are still being counted. It is expected that the results will be announced within a few days. The people are very interested in the outcome, and are waiting with bated breath for the news.

A MERCANTILE CALAMITY FORCED SACRIFICE SALE

Consider this: you are aware, like the merchant and also the farmer. We provided for a Big Fall and Winter Business and have been disappointed. Your orders were cancelled, and the "flu" has done its worst. Our disappointment is for the wholesalers, and in order to satisfy them we are forced to offer our entire stock of your department.

SALE Starts MONDAY, DEC. 30 at 8 a.m.

52 DAYS, to March 1st, 1919. CONTINUOUS SELLING.

At this time of the year, the greatest display of low priced goods is seen in our store. Every day is a sacrifice sale. The goods are sold at a low price. The goods are sold at a low price. The goods are sold at a low price.

GADSBY NEWS

Our Gadsgby News from your correspondents

Last Saturday night a party of about 100 persons, including many of the best of the town, were entertained at a very successful dance at the home of Mr. J. H. Smith, who was assisted by his wife and daughter. The music was furnished by the local band, and the refreshments were served by the ladies of the committee. The dance was a great success, and the proceeds were for the benefit of the local school.

With presents of other weather forecasts, it is probable that the weather will be very much improved in the near future. It is hoped that the weather will be so good that the people will be able to go out and enjoy the spring weather.

ANNOUNCEMENT

Having installed at El Centro one of the best equipped Vulcanizing plants in the West, we respectfully solicit your tire repair business. We are prepared to repair all makes and sizes of tires from 8 inches up to 36 inches, the latest pneumatic pump equipment, with expert workmanship.

We make a specialty of retreads, black tops and ribbed treads, safety tread and solid tires. Here is the time to get your tires ready for the road.

We pay to exchange old or worn in place tires, or guarantee to give satisfactory service paid by roadside over which we have no control. Your tires are safe with us.

If you find upon examination that a tire is not in condition to justify repair it will be replaced only with another tire.

(13) Vented. This is an oil which is at least on a par with Mobil's.

YOU'll know that it pays to use good oil on machines.

If you have a petrol car or call you naturally get a little extra attention and better fuel in order to make it a little better than your neighbors.

YOU'll like to have your car or tractor operate a little cheaper and a little more satisfactory than your neighbors.

WE'll not let you get out of your tractor the same as the tank or call it. Give it a little attention, and use a little better grade of oil.

OUR prices on oil are:

Go-For-Em GETS THE GOPHER

Read what the Deputy Sheriff of Winifred Municipality and a prominent member of the U.F.A. says about it—
The Police Pharmacy, Ltd., April 1st, 1930
Gentlemen:
I have used your Go-For-Em for three years, and I am qualified to express my opinion on its results. It is indeed the best and most reliable gopher poison I have known, and it should be used by every farmer in the province. It is as strong now as it was when I first used it. Yours truly,

What Gossard Corsets Contributed to the War

One of the leading forces in the Great World War was the woman power of the world today the lines behind the battle front. From the little women in the home to the doctors, nurses, and even the men's ranks, every Canadian woman gave her best. And just how much she could give depended upon her health and strength. To keep her health was her first positive duty, and only in the war it was so definitely demonstrated that correct corsetry was the first essential in maintaining the health and efficiency of our vital woman power.

GOSSARD Corsets

The widest-spread of French Lingerie corsets were particularly adapted to play a leading and important part in this work of health conservation. Scientific adjustment and back support prevented them from under-estimating during long periods of continued effort, and gave an elastic comfort that sustained fatigue.

equal if not better than those made in other countries. The only reason that more made-in-Canada goods are not sold is owing to the fact of the old establishments and extensive connections carried over from Canada by manufacturers from other countries, for instance, the automobile industry in Canada is particularly controlled by foreign manufacturers.

Canadian war is the same terrible strength, our mechanics are as good if not better, and made-in-Canada goods can be bought for less money if the dealers do not add duties and charges for the same as for imported goods. On all postage and clerical I have to pay duties and every penny goes to Canada helping you and your money remains in Canada and giving you goods which are better in the great cause of reconstruction.

AN EXTRAORDINARY PURCHASE OF NEW FALL MILLINERY AT A TREMENDOUS REDUCTION IN PRICE

has just been opened up. Some time ago we were fortunate in being able to secure a manufacturer's complete stock of

Ladies', Misses' and Children's Fall and Winter Hats
at a great reduction in price, and are now on sale at the same reduction as we secured

LADIES' FALL HATS

A fascinating collection of beautiful hats that represent the very essence of excellence in style, workmanship and originality. They are the reproduction of the very latest French fashions and represent values as high as \$20.00 on the original Special.

\$2.00 to \$12.50

MISSIES' FALL HATS

Here is one of the largest collections in Misses' Fall Hats in all the new Autumn colors and styles that has been shown here. There are over 100 different styles to select from and on two the same. The most astonishing feature about these hats are the beautiful quality of materials used at such low prices. Original Special.

1.50 to \$6.00

CHILDREN'S HATS

When making this special purchase, we did not overlook the hats for the little folks. In this collection you will find dainty, little hats of Plush, Velvet and Silk, in all the very latest styles, both in shapes and colors, with beautiful combs and bows. The line of hats' business is extremely profitable. Make your choice while the collection is large.

\$1.00 to \$5.00

LADIES' NEW FALL DRESSES

The New Models for Fall are smarter than ever, showing extensive head trimmings. The cost here is still in great demand. Navy Series and Jersey Cloth are in the greatest fashion. The prices are very reasonable, considering the ever increasing price in all new and finished materials. You will find the range of dresses now on display to be very interesting indeed. Prices range from

\$14.75 to \$60.00

Ladies' Wool Sweaters Special \$4.75

Colors of Paddy, Rose and Grey with brushed wool trimming in contrasting colors, belt and pockets. This is a heavy, warm sweater and will give excellent wear. Sizes 36 to 42.

Special: Each \$4.75

For THE MATURE FIGURE

The Concord model here illustrated is a carefully designed to give a youthful line. Our expert customers are trained to give most skillful service to the older woman, and the Fall and Winter line of Gossard Corsets is the latest selection. After the widest selection. Price \$6.50

LADIES' COAT AND SUIT SECTION

Will prove very interesting as the very Newest Numbers from the leading Fashion Centres are being added daily. Our staff will be pleased to show you these Beautiful Garments.

Rural Telephone, Roads and Rural Council Meeting

Monday Evening's Business at the Regular Meeting of the Board of Trade

The regular meeting of the Board of Trade was held on Monday evening, Sept. 10th, in the Board Room. There was a good attendance, and in the absence of the Secretary, W. F. White, was appointed to that position per se. The following business was read from the Deputy Minister of Agriculture, Sept. 10th, 1930. Dear Sir: I beg to acknowledge receipt of your letter of August 28th in connection with the construction of rural telephone lines in the vicinity of Stettler. I am to advise you that the following construction has been completed to date: From Stettler to Smith's N. Farmer Buy Ford Trucks Because
they are better, save time, save money.
The Ford Truck is the most general-purpose implement on the farm.
The farmer can get his breakfast at the table, take his produce to market, and be home again for dinner.
He can command the highest prices for his vegetables and fruit because he gets them to market while the dew is still on them.
He can take his bags, sheep and other stock to market, as well as hay, roots, potatoes and apples from the field.
The Ford Truck brings the city to the farmer's door.
It solves the problem of the shortage of labor.
A saving in horse, a saving in man.

The popular treatment is bleeding at the onset of the disease and the administration of calomel, but these are of no avail. In cases where bleeding is the only symptom the patient should be bled with a leech and calomel should be administered.

MUNICIPAL COUNCIL.

(My Valley News)

The Municipal Council has approved the change where on one side of the boulevard, the main line will be a mile south of Hill, the south 1 mile north of Boulder, the east of Boulder Lake, and the Red River valley on the west. This gives a good east and west route through the town with a creek bridge through the town with a very low line crossing with, or double bridge up to a new line and a new line with a creek, through the town, all the under the boulevard, is only a question as to what direction a person would rather go to.

OF THE CITY OF DENVER.

GADSBY NEWS

The 4th of November has arrived and the citizens of Gadsby are celebrating the birth of our nation. The day is observed with a variety of exercises and the people are enjoying the day to the full.

There has been a very heavy frost in the morning and the weather is very cold. The people are advised to wear warm clothing and to keep their feet warm.

The school children are very happy and are enjoying their school. The teachers are also very happy and are doing their best to teach the children.

The church is very busy and is holding many services. The people are encouraged to attend the services and to support the church.

The town is very quiet and peaceful. The people are happy and content with their lives. The future is bright and full of hope.

generally have said, eating the meat of beasts which was not their food, to do that, thinking that they were doing a good thing, because the beasts are from of old, from overhauling, has not so victory over the enemy, but he is ready to lead us to a greater conquest yet. It is the fight to triumph ourselves.

It may well be that there are no more beasts than ourselves, with the same kind of life in them. It may be that an offering of the meat will be glory or bring him gifts, if we cannot rule ourselves in the glory of the Word, and bring him the offerings of humble and courteous hearts. It may be that the angel himself will remain among others, as does ourselves at the hands of his good will to our kind, rather than to our kind, and we shall be able to rule ourselves with the beasts, but we have to fight with them, and when we have slain the old Adam that haunts against the Light, we shall find the new Adam in our own hearts, and so suddenly the glory of the eternal life, and hear the far-off singing angels of the new world.

Use It—Then Decide

30 Days Free Trial

We are authorized by the manufacturers to offer the **AUTOTOP SAFETY RABBIT** on 30 days free trial.

Your present car may be satisfactory to a degree, but you are, no doubt, interested to know whether a better and more economical car can be obtained.

Rather than tell you the merits of the car, we invite you to drive with it for 30 days. If you like it, pay us \$5.00, if not, return it.

We will give you an **AUTOTOP SAFETY RABBIT** on the above terms. If found unsatisfactory after using it for 30 days, we will receive same without question. It is as fast a proposition that you cannot overlook it.

Will you call for one, or shall we send it to you?

THANK YOU

That is all we can say, only two simple words, but they mean very much to us. They are our expression of appreciation for the kindly patronage that you have extended to us in the past. May we hope that we may continue to merit your favor during 1936. If increased service and good values count for anything we are sure that you will remain one of our old and valued friends.

WATER ONLY DEAL
DISCOUNT IN ALBERTA
 In a recent issue of the "Farm Progress" it was stated that the water supply in the province of Alberta was being conserved by the use of water meters. This was a very timely suggestion, as the water supply in the province is becoming increasingly scarce.

with berries. If you have a heavy load and the weather is hot it will take you two days. If it took you twelve hours, the cost at 17.4 cents an hour for your team would be \$2.09. If you could haul a 1000 lb. load of berries in a Ford Truck, for gas and oil, it is 4.45 cents a mile or \$7.89 for the forty miles. But with the Ford Truck you can make the return trip in four hours. The truck enables you to save three times as many trips and at a lower cost for your trip.

But this is not all. If you maximize your farm you can get up an hour later in the morning. You have no berries in hand, grown or harvested. You start work after breakfast.

When dinner is ready you sit at the end of the dock, drive your tractor down to the bank, out your cylinder

whole period of development is from eight to ten days, depending on the amount of food eaten by the fish, so that it will not be over a year in any other place. It may be that much longer here, by reason of the cold water. One hundred and twenty fish are produced from each female, and the young are small, each hatched of which is able to swim in the water.

Fish Doctors.

Fresh water domestic waters are not out of all parties of the fish. They will travel from the garbage pit, the manure pile or the privy, to the kitchen or the house.

It has been estimated that they eat half their own body weight of food at their normal diet.

Shale muck.

Shale muck is made from the waste in the nature of incineration for five years to refine the waste. It is made from the waste of people, villages and cities. It is made from the waste of food from the same place. It is made from the waste of food from good black land. It is made from the waste of food from the same place. be because they were a salesman, but since we have discovered more about the problems of the working man in life, and the possibility of carrying disease germs from marriage and sex, I am sure that the working man is connected with this pest.

It has been proved scientifically that the working man may be carried disease to our lives.

How Fly Prevent Film

The disease of flies is not around a neighborhood may be taken care of by the cleanliness of that neighborhood.

The disease "Swarm the Fly" might better be changed to "Swarm the Fly."

To Keep a Public House Open
Chances are that you will have 4-5 customers, perhaps, before you can fill up one bed should be removed, and the destroyed room should be quickly covered; prices should be increased. An early start is the key. For five days after the spring will prevent many thousands in the summer.

It may be that you have the property assessed—temporarily nothing for a month, you might see the whole thing change and the price between—should be provided.

share under the transportation handicaps was a commercial proposition. This was especially true in the case of the manufacture of aluminum. In 1913, construction plans began for a plant in 1914 and by 1915 was in operation. The plant was for the product in the west, and, at the same place, it could not compete in the east. The aluminum industry, which, some years ago, consciously considered the possibility of establishing a plant in the west, recently stated that, under present conditions, with aluminum sold at its present price, the aluminum plant could be made a profitable industry.

In 1955 over 100,000 tons of the Atlantic white pine grew on the North American continent, and the figures for 1957 will be even higher. When the lumber industry is so immense and interesting as this story of the diverse family. The first pine that about 1861, the lumbermen who had been working for a hundred years called David Pine, a lumberman from the United States, returned to his native California with a seedling to send to a forest ranger in his native state. The pine was named after the pioneer who was the first to plant it. The pine was named after the pioneer who was the first to plant it. A Ford car replaced with "superior" or imitation parts is no longer a real Ford.

The inferior parts weaken the car—its life expectancy, its safety, some inside and breakdowns. The car could not be expected to give Ford satisfaction.

Genuine Ford Parts can be bought wherever you go now. We have our head office "yard" for the making of every Ford ever in this country. They make other makes genuine copies of parts of Ford cars.

You need never accept anything but the genuine Ford Parts.

When money is in a Savings Account in The Merchants Bank, it is absolutely safe from loss, as far as you are concerned. All the time it is here, it is earning interest — so that the bank actually pays you to let it take care of your money. Don't carry around your money in your pocket, or only when at home. Protect it with equal safety, and save by opening a savings account.

Business Paper Shortage

Business paper shortage is being experienced in many parts of the country, according to reports from the paper industry. The shortage is attributed to a combination of factors, including a decline in the number of newspapers and a shift in the type of paper used. The industry is working to address the shortage by increasing production and finding alternative sources of paper.
